* This model uses the llama.cpp community runtime. [Request optimization](#) if the performance doesn't meet expectation.

Quick Start

Windows

Android

Linux

① Install the GenieX Android Chat App

Download source code from the GitHub.

[View App README](#) 

② Run the Model ⓘ

To select, download, and run the model in the app, follow the steps in [README](#).

Or [download the model](#).

ⓘ For application and server integration, [see Docs](#).
